

Wall::Wall

Wall::init

Wall::setUpBounds

```
graph LR; A[Wall::Wall] --> B[Wall::init]; B --> C[Wall::setUpBounds];
```

The diagram illustrates the sequence of steps in the Wall constructor. It consists of three rectangular boxes arranged horizontally. The first box, labeled 'Wall::Wall', is white with a black border. A blue arrow points from its right side to the second box, labeled 'Wall::init', which is also white with a black border. Another blue arrow points from the right side of the second box to the third box, labeled 'Wall::setUpBounds', which is gray with a black border. The boxes and arrows are centered vertically.
